

The means of support must be proven at the level of the minimum guaranteed revenue in Romania (in accordance with the Law no. 416 of 18 July 2001 on the minimum guaranteed revenue, as further amended and supplemented), and the proof may be made by:

- pension slip, issued at most 3 months before the date of entry on the territory of Romania (other similar document),
- statement concerning the global income tax for the year prior to the date of entry on the territory of Romania (other similar document),
- bank account statement or other equivalent documents certifying that the applicant earns the necessary revenues to ensure subsistence.

The proof of the means of support for your family members lies with you, except for the cases where they carry out dependent or independent activities in Romania and, as such, they are able to support themselves.

As an exception, Romanian citizens are not required to prove the means of support for their family members.

If you come to Romania to study, you may submit an affidavit stating that you are able to support yourself.
